

Getting Help after a Cold Winter

Some Wisconsin families have struggled to keep warm this winter. Many don't know that the Wisconsin Home Energy Assistance Program (WHEAP) helps pay the winter heating bills of low-income residents. Qualified families shouldn't have to choose between paying to heat their homes and budgeting for their families' basic expenses.

Federal and state funding helps WHEAP give eligible Wisconsin families the resources they need to keep warm. To see if you qualify for programs and services, please call (toll free) 866-HEATWIS (432-8947) or visit www.homeenergyplus.wi.gov for more information.

If you or someone you know is struggling to pay the winter heating bill, please call (toll-free) 866-432-8947 (HEATWIS) or visit www.homeenergyplus.wi.gov.
